

The elegant and traditional look of a wood panel door is now available in a uniquely designed steel door. With the **Model 3050**, you can combine traditional New England style and modern technological advances to provide you with a state-of-the-art garage door.

**LIFETIME
WARRANTY**

- Traditional recessed panel provides the appearance of wood with the advantages of steel.
- CFC-free polyurethane insulation for maximum strength and energy efficiency.
- Full 2" thick sections.
- Embossed galvanized steel skins assure protection from warping, rotting, cracking and rusting.
- Attractive deep woodgrain embossed steel. Factory prefinished. May be painted to match the decor of your home.

Recessed Panel
In addition to white, Model 3050 recessed panel doors are available in almond and sandstone. See reverse side.

Treating customers like family for over 50 years.

Superior Engineering & Construction

- Traditional New England flat panel design provides the appearance of a wood door while offering all of the advantages of a steel door.
- CFC-free polyurethane insulation for maximum strength and energy efficiency.
- Full 2" thick sections.
- Full interior 20 gauge stile at each hinge location.
- Heavy 26 gauge steel skins provide excellent strength and durability.
- Tongue and groove joints between sections provide a snug, weather-tight seal.
- Embossed, galvanized and painted steel skins assure protection from warping, rotting, cracking and rusting.
- Attractive, deep wood grain embossed steel. Factory prefinished. May be painted to match the decor of your home.
- Heavy "wraparound" prefinished white steel stiles extending the full height of each section provide rigidity and give excellent hardware support.
- Adjustable and flexible, double contact, vinyl bottom astragal fits contour of floor providing a seal against the elements and is easily replaced if damaged. Ideal for instances where the floor is out of level.
- Commercial/industrial grade track and on-door hardware will insure years of smooth operation.
- Limited lifetime warranty to original owner. (See warranty sheet for details.)
- Track is edge conditioned to reduce risk of injury from sharp edges.
- As with all products, normal maintenance is required to ensure lasting beauty. Please refer to the warranty sheet for specific details.
- Special panel configurations are available as a special order.
