Your Garaga Distributor:

Cover: *Stratton 138*, 10' x 7', Desert Sand, Orion windows.

Charm Desired

The *Stratton 138* from Garaga interprets one of the architectural trends on the market. It blends the classic charm and elegance of the carriage house style with the durability and sturdiness of polyurethane insulated sectional doors. With hardware that has a forged iron look, a choice of decorative window styles and the appeal of its traditional design, the *Stratton 138* will add value and finesse to your architectural environment.

Townships Collection *Stratton 138™*

R-12 insulated steel doors

The *Stratton 138* is a 1½" thick insulated steel door with a thermal insulation factor of R-12. A wide range of dimensions are available.

The *Stratton 138* door is covered by a **Lifetime warranty** (limited).

Decorative hardware (optional)

The *Stratton 138* door's **decorative hardware** reproduces the effect of forged iron hinges and handles found on traditional carriage house doors. It adds a touch of refinement that has maintained its charm over the years.
